The Five Elements

The foundation of our Chuan Spa signature treatments is Traditional Chinese Medicine (TCM) and the five elemental forces of wood, fire, earth, metal and water. These life elements combined with your energy flow and the influence of hot and cold have great influence on your well-being. Spending a moment to complete a five element questionnaire at the beginning of your journey ensures your therapy addresses the imbalances of your life elements. Your selected element may change on a daily basis and is affected by what you eat, the seasons of the year as well as your bio-rhythms. Our range of five element essential oils and teas have been created exclusively and in consultation with professionals in Chinese Medicine and Naturopathy.
